

Conference Invitation

The new Nordic/International Archival network *Digitization and the Future of Archives* (2018-2021) is happy to invite you to join the Networks opening conference:

What is a Record?

Aalborg University, Sydhavnen, Copenhagen

January 17 & 18 2019

With keynote speaker Barbara Reed, Director of Recordkeeping Innovation Pty Ltd. (Full program to be announced)

The theme of the conference is based on the idea that the way we define records ultimately connects to the question of what we can and want to do with our past in the future. We look forward to exciting and fruitful discussions with both researchers and practitioners.

With the support of the Independent Research Fund Denmark, The network aims to bring together researchers and practitioners to create a forum, where the possibilities and challenges of digital archives can be discussed across international and organizational contexts.

Price of conference incl. conference dinner, January 17: 885 DKK

Price of conference only: 410 DKK

Please register via [the Network website](#)
